

Return on Invested Capital

Return on Invested Capital ("ROIC") and Operating ROIC are non-GAAP financial measures that management believes are useful in analyzing the Company's performance from year to year, and are of interest to investors and lenders in relation to the Company's ability to generate sufficient returns on its capital base. These non-GAAP ROIC measures are provided as supplemental information and should not be used in lieu of the GAAP measures. The Company calculates ROIC by dividing trailing twelve month operating income on a comparable basis after tax plus depreciation expense, stock-based compensation expense, and amortization expense, all on a comparable basis as applicable ("NOPATDA, comparable basis") by the trailing five quarter average capital plus accumulated depreciation and amortization plus cumulative five year comparable investment adjustments, net of tax ("CAPDA, comparable basis"). The Company calculates Operating ROIC by dividing NOPATDA, comparable basis, by CAPDA, comparable basis less the trailing five quarter average goodwill and intangibles, net ("Operating CAPDA, comparable basis"). The Company considers return on assets ("ROA") and return on equity ("ROE") to be the most directly comparable GAAP financial measures to the calculations of ROIC and Operating ROIC.

Effective March 1, 2018, we adopted the FASB amended guidance regarding the recognition of revenue from contracts with customers using the retrospective application method. Accordingly, financial information for fiscal year 2017 and the interim and annual periods of fiscal 2018 presented herein has been adjusted to reflect the adoption of this amended guidance. Annual and interim periods prior to fiscal 2017, including interim periods for fiscal 2017, have not been adjusted to reflect the adoption of this amended guidance as the impact is not deemed material.

(1) The tax impact is computed on comparable interest expense, net using the Company's effective tax rate, as adjusted for non-recurring income tax benefits and charges, for the applicable periods.

(2) Each component of NOPATDA, comparable basis is the sum of the current quarter and the previous three quarters.

(3) Gain on remeasurement to fair value of equity method investment and net (gain) loss on securities measured at fair value are non-cash increases (decreases) included within total assets, which are excluded from the calculations of ROIC and Operating ROIC due to increase (decrease) in total assets from non-cash investment. Gain on remeasurement to fair value of equity method investment is included within goodwill and net (gain) loss on securities measured at fair value is included within other long-term assets. As of November 2018, the November 2017 Canopy Investment allocated to shares is no longer remeasured to fair value and is included within equity method investments.

(4) Non-interest bearing liabilities is comprised of accounts payable, accrued excise taxes, other accrued expenses and liabilities, deferred income taxes, and other liabilities. Interest bearing liabilities is comprised of notes payable, current maturities on long-term debt, and long-term debt.

(5) Cumulative comparable investment adjustments, net of tax presents the accumulation of comparable investment adjustments for a five year of tax. Comparable investment adjustments represent adjustments to underlying assets or liabilities that the Company expects to generate the future. Comparable investment adjustments **exclude** (gain)/loss on disposals of assets, impairment charges and certain non-cash (gain) including "Net (Gain) Loss on Sale of Business or Assets," "Gain on Remeasurement to Fair Value of Equity Method Investment," "Impairment Goodwill and Intangible Assets," "Unrealized Net (Gain) Loss on Securities Measured at Fair Value," "Net Gain on Sale of Unconsolidated I and "Income Tax Benefit, Other".

(6) Total assets, cash, restricted cash, non-cash gain on remeasurement to fair value of equity method investment included in total assets, acc depreciation and amortization, non-interest bearing liabilities, goodwill, intangibles, net, total equity, and interest bearing liabilities are the a current quarter and the previous four quarters.
